

MEETINGS & WORKSHOPS

CREATE AN ENVIRONMENT THAT CULTIVATES PRODUCTIVITY, RAPID IMPROVEMENTS, AND ENHANCED EXPERIENCES

Meetings and workshops are a normal part of operations for most organizations but look very different when working with distributed teams in different locations. Collaborating and creating together in the distributed format presents some unique challenges as participants look to balance the auditory and visual nature of working together remotely.

Jobs to be Done

Facilitate & Lead: Conduct and lead both meetings and large scale workshops with stakeholders.

MURAL's Value

Own the virtual room and facilitate meetings and workshops with MURAL Facilitation Superpowers to drive better outcomes.

Present & Create: Shift between presentations by speakers to quickly creating and collaborating together.

Transition from presentation mode to active collaboration with frameworks, lockable elements, and dedicated spaces for participant creation.

Move Quickly: Meetings and workshops need to move nimbly and have tangible and actionable outputs.

Centralize information and increase transparency across stakeholders help you distill problems and identify solutions faster.
