

Solution Based Resources

Partner resources that include technical and sales enablement, available by solution area.

The following list will signpost you to learning resources which feature all solution areas:

UK Partner Skills: A UK partner skills site, consolidating our learning resources for partner signposting.

Microsoft Learn: A free, self-serve, central resource for all those wanting to Learn about Microsoft Technology.

Learn with Instructors: Part of the Microsoft Learn platform, a simple connection point to our Learning Partners, delivering instructor led sessions with Microsoft official courseware and certified trainers.

UK Events Calendar - Partner: UK skills events specifically for partners focusing on solution area aligned, technical enablement.

Partner Communities: Part of the Microsoft UK Partner Zone, featuring the Skills Community. Also find communities for Azure, AI, Dynamics 365, Modern Work and Security, hosted in the Zone.

Partner Sales Acceleration Programme learning
Can be accessed by sales and/or solution area within the Microsoft Partner Network (MPN) Training Gallery. Also includes Challenger Sales Foundation enablement

On Demand Webinars: Start your journey and build skills to drive innovation with these free on-demand learning sessions for solution-based Microsoft technology
