

Plan for cloud migration with a **trusted, mature Azure Expert MSP** that has **25+** years of experience in complex IT projects.

WHY LOGICWORKS?

Deep Expertise on Microsoft

25 Years of Experience Across On-Prem and Azure

400+ Successful Cloud Migrations

We specialize in mid-market healthcare, finance and SaaS

Security and Compliance Focused

Our Azure practice is HIPAA, HITRUST, PCI-DSS compliant

AZURE ASSESSMENT DIFFERENTIATORS

- We've already completed **hundreds of Cloud Assessments**
- We don't just spit out an automated report – we **go deep** into **business, staffing, and technical requirements**
- We're ideal for **Healthcare** or **Finance** companies with HIPAA/HITRUST/PCI requirements because of our certifications
- After the assessment, we can help **migrate your workloads to Azure**

As an Azure Expert MSP, Logicworks offers two Azure Assessments, designed to fit your unique needs.

Premium (In-Person) \$29,000
Basic (Remote) \$7,500

Contact

Sachin Bansal (sbansal@logicworks.com)

John Noonan (jnoonan@logicworks.com)

Basic (2-3 Week): \$7,500

Process

- Initial kickoff meeting with stakeholders
- Stakeholder interviews (via conference call)
- In-depth technical discovery using a variety of toolsets to evaluate your infrastructure needs and potential costs.

Deliverables

- Report of Findings and Recommendations
 - Primary Observations
 - Risks and Liabilities
 - Improvement Prioritization
 - Potential results of Azure migration through optimization
 - Potential results of Managed Service initiatives on infrastructure and business metrics
 - Preliminary Migration Project Plan and Readiness Timelines
- Migration Project Cost Estimations (Labor and potential Azure spend)
- Discovered Documentation Bundle
- Overview Diagram(s) of Existing Digital Estate
- Executive Summary Report and Presentation

Premium (4-5 Week): \$29,000

Process

- All Basic features **PLUS**
 - Detailed stakeholder interviews to align on technology needs and desired business outcomes
 - Infrastructure Service and dependency mapping

Deliverables

- All Basic deliverables **PLUS**
 - Preliminary architecture diagram
 - Service Mappings
 - Network Topology Diagram
 - Compute Infrastructure Diagram

After the Assessment is complete, we can help you **build** and **migrate** to a **secure, scalable Azure solution**.

Azure Architecture Design

Starting at \$20,000

Azure Environment Build

Starting at \$20,000

Datacenter Migration

Starting at \$30,000

Note: We can also design and build Azure to HIPAA, HITRUST, PCI, FedRAMP, GDPR, SOC, or ISO 27001 Standards
