## Start here

Decide if this is the right certification for you

Upskill with recommended training and experience

Pass required exam to earn your certification

### This certification is a good fit if your responsibilities include:

- Plan, deploy, package, update, and maintain the Azure Stack Hub infrastructure.
- Offer hybrid cloud resources and requested services and manage infrastructure as a service (IaaS) and platform as a service (PaaS).

Microsoft Certified:  
**Azure Stack Hub Operator Associate**

Azure Stack Hub operators provide cloud services to their end users or customers from within their own datacenter using Azure Stack Hub.

First, make sure your skills are up to date.
