altia | Toolbar.

Ingest and analyse volumes of financial information to identify entities, trends, relationships and investigative avenues.

The Financial Analysis Toolbar works with the Investigation Toolkit. Combining a range of financial analysis tools with the power of Excel, it speeds up the process of interrogating financial data.

Why Toolbar?

Toolkit's Companion

Toolbar extends on the capabilities of Toolkit to ingest and analyse huge amounts of financial data, automatically. Combining a range of analytical tools, Toolbar rapidly interrogates financial data and provides meaningful insight and actionable intelligence.

Let Toolbar Be Your Expert

There's no need to be an expert in Excel's functions. Toolbar provides a set of templates to apply to data, making analysing and visualising complicated financial information simple, efficient and powerful.

The Power of BI

Embrace the advanced features and functionalities of the PowerBI platform to create meaningful dashboards, visualisations and connections to ensure your critical information is noticed and dots get connected.

Simply Intelligent

Toolbar uses intelligent services to automatically sort, count, total or average your financial data without human intervention; before summarising complex data quickly and creating custom reports and lists.

Built by Altia specialists. Powered by our partners at Microsoft.

Cost Efficient: Eliminate the capital expense of implementation and maintenance of on-premises infrastructure. Altia will deliver our Software-as-a-Service right to your users at a fixed, all encompassing predictable subscription fee. Better solution, reduced fee.

Always Available: Microsoft Azure ensures high-availability, scalability and accessibility when you need your Altia solution the most. Rapidly deploy your Altia solution at the click of a mouse, without physical on-premises infrastructure.

Resilient: With data centres globally, you can not only ensure data-sovereignty, but also geo-redundant resilience in the event of a disaster or service outage. Minimise service disruption and data loss by relying on multiple data centres in your region, supported by only the best. Microsoft Azure.

Highly Secure: Cloud is simply a real computer sitting in Microsoft Azure's highly secure and compliant physical data centres. With 24/7 monitoring of threats, have greater confidence your information is safe from cyber security incidents and remove capital expense and risk.

altia

Trusted by 340 organisations across 17 countries.

Altia services law enforcement agencies, government departments and regulatory authorities, globally; including 100% of United Kingdom police forces.

What we offer...

altia | ACOS.

ACOS allows law enforcement agencies to manage all aspects of covert operations effectively, discreetly and securely. Ensure risk management, compliance and records management is maintained across your organisations covert functions.

altia | SmartCase.

SmartCase is a comprehensive, flexible, multi-purpose, customisable and cost-effective, cloudbased incident, investigation and case management system offered as a self-service customisable managed service.

altia | Toolbar.

Financial Analysis Toolbar works with the Investigation Toolkit. Combining a range of financial analysis tools with the power of Excel, it speeds up the process of interrogating financial data.

altia | Toolkit.

Investigation Toolkit gives you the edge in financial investigation, creating accurate records of account statements. Jobs that would otherwise take sometimes months, can be completed in a matter of hours.

altia | Insight.

Insight is an end-to-end investigation management software product that has been designed to help solve various types of crime. It is fully auditable, allowing you to illustrate every step of your investigation.

altia | Verinote.

Replace handwritten pocket notebooks, diaries and manual process with true frontline intelligence and evidence collection. Capture critical information, statements and signed entries, from the field, directly into Altia products.
