Engagement and Licensing Model
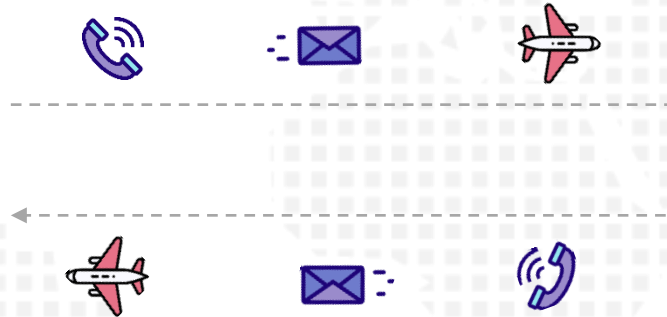

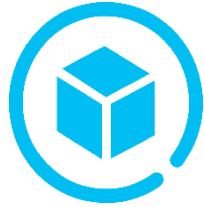

Product Sale

- Installation support
- Product purchase can be made after detailed inventory run by AVASOFT in the client's environment
- Detailed User Manual
- Free support in the client's time-zone for 30 days after installation of the product
- Additional support can be provided at the cost of $70/hour after free support period
- AVASOFT is open for any remediation needed after content migration

Migration as a Service

- AVASOFT takes ownership for the complete migration process
- Cost of migration encapsulates inventory size, virtual machines, resources involved and bandwidth cost
- After detailed inventory run, AVASOFT can perform migration either in client's environment or within the AVASOFT premises
- Detailed real-time reports on the progress of migration
- After successful migration, 30 days free post-production support
- AVASOFT is open for any remediation needed after content migration
