

Rue de Net Business Central 2 Hour Workshop

A workshop demonstrating the basic functionalities and user interface personalization in Microsoft Dynamics 365 Business Central

Rue de Net offers you a workshop demonstrating basic functionalities in Business Central and user interface personalization. The workshop will take part remotely on Teams with one of Rue de Net's experienced Business Central consultants.

The workshop will be divided into three parts as follows:

- Presentation where the consultant will walk through basic Business Central functionalities
- Hands on demo of previously explained features
- Q&A

Click the Contact me button to register to the workshop, our sales team will be in touch for scheduling.

Supported Countries:

Canada, France, Iceland, United Kingdom and United States.

Supported Languages:

The workshop is available in Icelandic and English (United States).
