

# HeroPath

Leverage data & AI to provide actionable, data-driven insights.

## HOW IT WORKS:

Our team will work with your organization to implement a framework to setup, create and manage a lightweight and elastic platform to ingest, transform, and engage your users.

Using insights created from effective collation and manipulation of data, HeroPath will drive efficiency and streamlined processes. Ultimately, an approach will be created that is built to be expanded, flexible, and scalable so that you and your organization can adapt, adopt, and grow for tomorrow.

## TIMELINE:

**STEP 1 - Platform Setup:** Configuration, data exploration, and discovery.

**STEP 2 - Data Ingestion:** Data processing and replicating calculations in Azure.

**STEP 3 - Data Modeling & Visualization:** Creation and refinement of PowerBI dashboards.

**STEP 4 - Deployment:** Automate deployment processes and provide knowledge transfer to the team.

## RESULTS:

- ▶ Improve efficiency
- ▶ Increase decision-making speed
- ▶ Position for scalability
