

StorSimple Migration

Migrate at your pace

Version 1.0

Gold Cloud Platform
Gold Datacenter

Make your data retention policies compliant

Depending on how StorSimple is used in your company, you can evaluate different evolutionary migration scenarios.

CHALLENGES

The current file server and StorSimple can represent a single point of failure.

IDEAL SOLUTION

Choose the approach that best suits your needs.

DESIRED OUTCOMES

Make the most of your cloud, hybrid or on-premise infrastructure to reach compliance.

StorSimple Migration

We analyze the StorSimple usage pattern and then we identify the best IaaS/PaaS/SaaS solution to replace it, granting the same level of reliability.

1

ON-PREMISE APPROACH

Local storage and advanced backup solution.

2

HYBRID-CLOUD APPROACH

Solution based on Azure File Sync and / or Azure Databox Gateway.

3

FULL-CLOUD APPROACH

Use of the Office 365 platform.

SoftJam StorSimple Migration & Microsoft Azure

We replace an Azure service with new ones.

RENEW

Update your as-is situation with new Azure Services.

DATA MANAGEMENT

Archive your data on Azure.

COMPLIANCE

Secure your data and make it compliant with your archival policies.
