

# MICROSOFT AZURE MIGRATION ASSESSMENT WORKSHOP

## Assess your Workload, Governance and Planning requirements for migrating to Azure

70% of UK businesses anticipate seeing their organisation have a competitive advantage from utilising Cloud services. <sup>1</sup> Are you one of them?

Transparency's Migration Assessment offering comprises of a half-day workshop designed to prepare you for your potential Microsoft Azure journey. Leveraging the Microsoft Cloud Adoption Framework, we will review your current workloads, calculate the expected costs (including evaluating potential migration funding) whilst identifying your governance requirements.

## How do I engage in this Assessment?

### Phase 1 PRE-WORKSHOP: 1-hour introductory call

- Define scope of engagement
- Highlight assessment requirements
- Understand additional agenda topics
- Confirm expectations and date of workshop

### Phase 2 ASSESSMENT TOOL

- The Azure Migrate Assessment tool will be installed in your environment by Transparency's certified Azure consultants, in conjunction with your IT team to provide workload visibility
- The Assessment tool is left to run for a minimum of 14 Days before Phase 3

### Phase 3 ASSESSMENT, PLANNING AND GOVERNANCE WORKSHOP

- Discuss Migration Methodology and Cloud Adoption Framework
- Discuss your workloads based on assessment output
- Provide visibility of potential costs for running in Azure
- Understand adoption planning focus areas
- Understand governance requirements
- Discuss migration and funding options

## Azure Migration workshop outcomes

- Identify in scope workloads, assess compatibility, provide potential costs and risks
- Understand Cloud Adoption Framework & Migration methodology
- Understand current planning posture and leave with actionable next steps to improve migration preparation
- Document your governance requirements and gaps based on common disciplines such as cost, security and identity.
- Better understand how Transparency can assist in your Azure journey
