

# HireHive

Recruiting Software That Helps Your Company Grow

# What is HireHive?

---

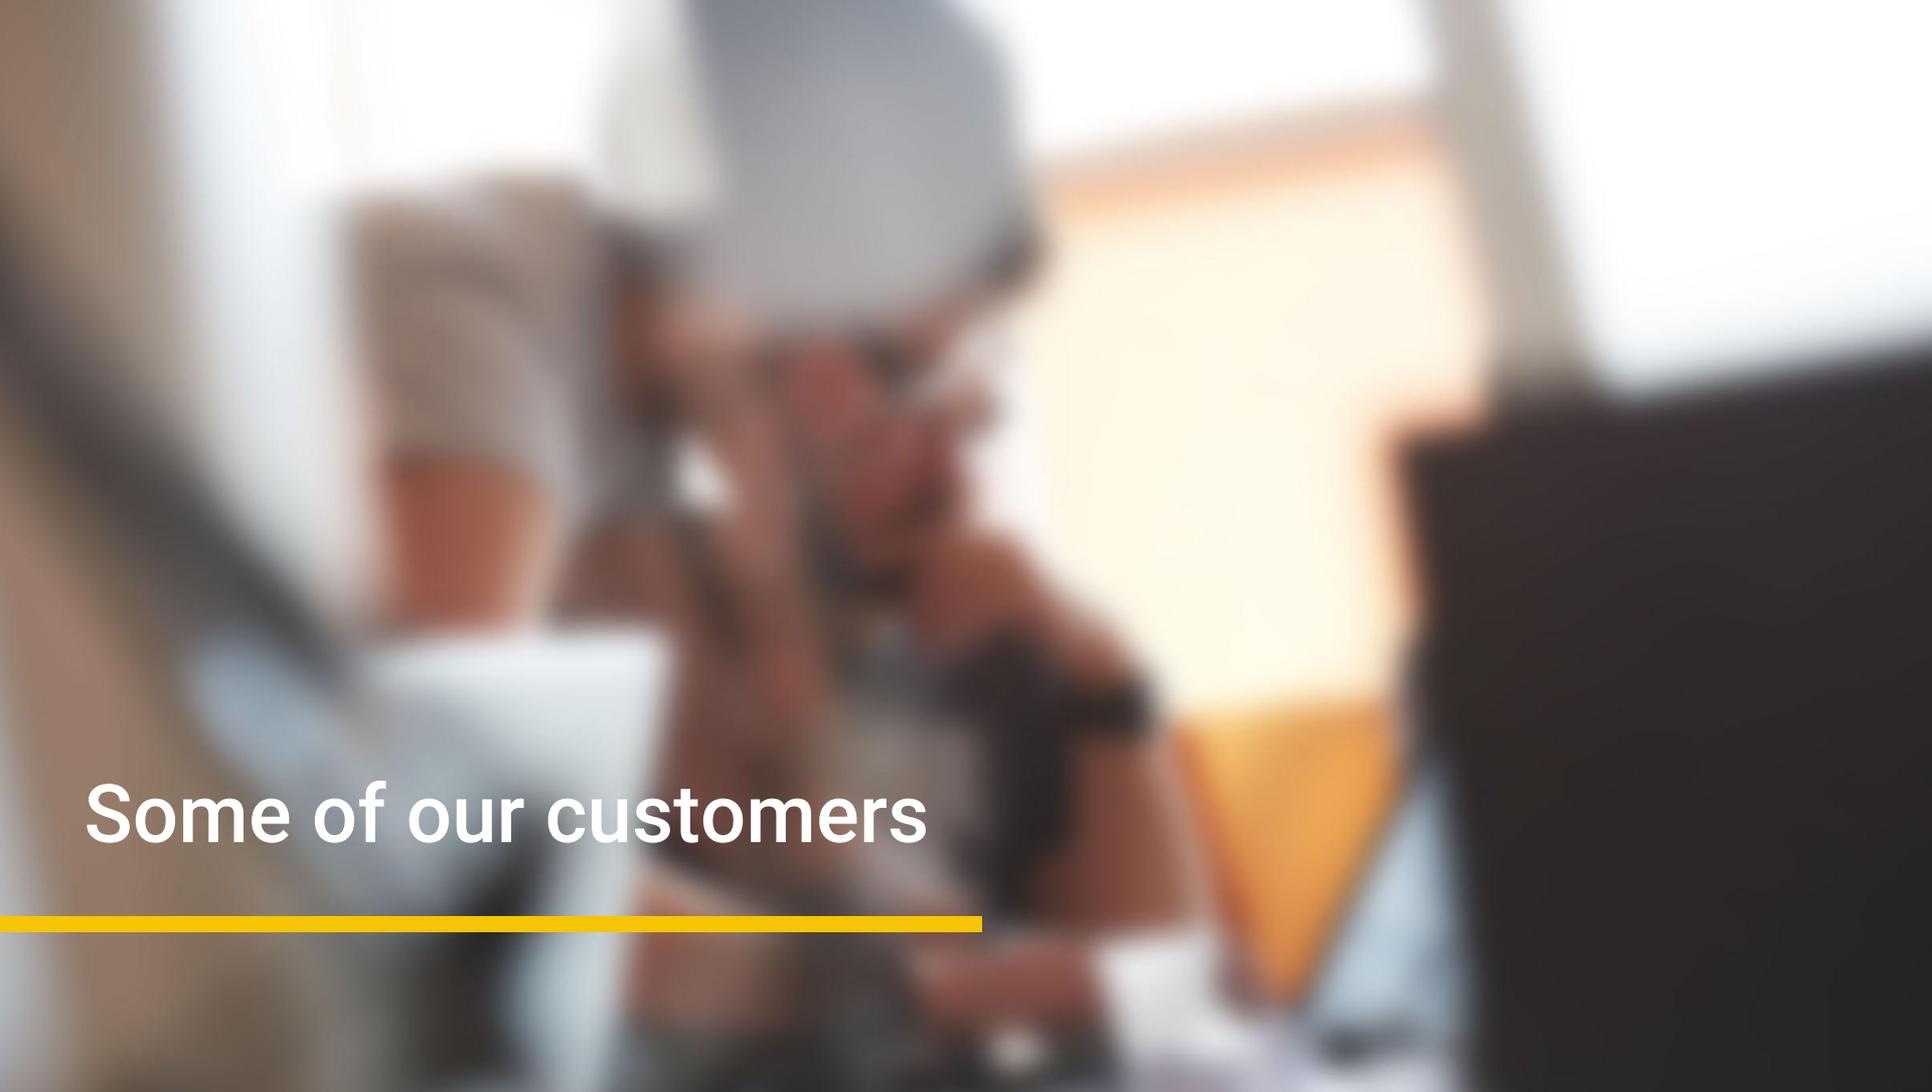

- HireHive is easy to use Recruiting Software.
- Manage all your recruiting in one place, no more email applications.
- Post jobs, share jobs, track applications, review applications and contact candidates.
- Hiring is all about collaboration with your team, HireHive makes it easy to involve everyone in the hiring process.

**How does it work?**

---

- Add your jobs – copy and paste your job description.
- Post to major job boards, your website and your social media channels with just one click.
- Easily review your applications.
- Email applicants you would like to interview and add notes for future reference.
- Move your candidates through the hiring funnel.
- Make a hire and have a database of candidates ready for the next role.

HireHive has helped us grow our team and made keeping in contact with all our applicants easy.

**Angelique O'Bryan**

Director of HR and Operations, Collective Bias

We started using HireHive to manage job postings but now it's integral to our overall recruitment process.

**Sonya Lennon**

Co-founder, frockadvisor

I find HireHive so easy to navigate when reviewing applications and never any problem with volume of applications.

# Features

---

These actions are grouped together, so focus is centralized.

Patricia Erickson  
Sales Representative

- One click job posting to Indeed, SimplyHired, Glassdoor.
- Customised job application forms – add specific questions and auto tag candidates for easy review.
