

Multi-Cloud training partner

# Street Credible Cloud Training

## Why Training

- The right skills are a critical part of the digital transformation
- You need to understand the technology to get the benefits
- Trained organizations are **80% faster** to adopt cloud
- There is a shortage of talent on the market

## Why Nordcloud

- We live and breathe cloud - we actually work with what we teach
- Excellent cloud training feedback since 2013.
- Nordcloud is a unique multi-cloud training partner being official training partner on **AWS, Azure and GCP**
- Besides official courses we have also created own content to support the transformation
