

# Fast, Cost-Effective, Low Risk Cloud Migration to Azure & AVS

## Overview

RiverMeadow is a trusted Cloud Migration Services & Technology Partner, part of **Microsoft's Cloud Modernization Offering** and an **approved Direct Subcon Partner**. RiverMeadow has deep expertise in VMware vSphere for on-premise and hybrid cloud as well as Azure VMware Solution (AVS) and Azure native cloud onboarding. RiverMeadow's flexible, fixed-price Cloud Migration Services and **Advanced Platform Capabilities** will get your customers migrated to vSphere, AVS and/or Azure **faster, with less risk and at price points that no other vendor can match.**

## Services Offerings:

- RiverMeadow offers a full suite of **FIXED PRICE** (per VM) Services to vSphere, AVS or Azure:
- Discovery and Assessment
  - Intake and Planning
  - Migration Execution - Physical or Virtual Servers including OS Modernization
  - Post-Migration Automation, Post Migration Validation
  - Project Management

## Use Case Expertise

- Multi-cloud migrations:** Single pane of glass (P2V, V2V, C2V, C2C)
- OS Modernization:** Reduce technical debt as part of a migration (on prem to on prem or to cloud)
- Hostile migrations:** No access needed to Source hypervisor
- AVS Migrations:** Deep expertise in delivering AVS migrations
- VDI Migrations:** Migrate OS + Apps + Data or just User Profile Data
