

DIGITAL OPERATING MODEL

Solutions and Offerings designed to unlock your digital potential and advance your cloud modernization journey with focus, simplicity and scale.

In today's rapidly changing world, sustainable innovation is key to thriving as a digital business. GO is Cognizant Microsoft Business Group's platform native, ready-to-use digital operating model, focusing on your perpetual modernization journey. GO provides the blueprint and resources needed to build agility and drive your business into the future.

Based on Microsoft's Cloud Adoption Framework, GO allows your teams to interact more cohesively while unlocking maximum value from technology investments. Enabled by our exclusive 10vū™ assessment platform and Drivetrain™ deployment engine, our experts accelerate your transformation journey by leveraging the power of the Microsoft Cloud to realize your digital future.

GO with confidence on your journey with a digital operating model

Our experts help you build a successful digital operating model foundation in a comprehensive approach across six dimensions: People, Process, Tooling, Governance, Migration, and Operations. By addressing these dimensions, removing silos, and encouraging out-of-the-box thinking, our team can help you create a sharp competitive advantage as well as an infrastructure poised for sustained innovation.

Intelligent Enterprise

Intelligent Enterprise envisions the possibilities of a digital future and plots a roadmap that enables your business to realize and tap into that potential.

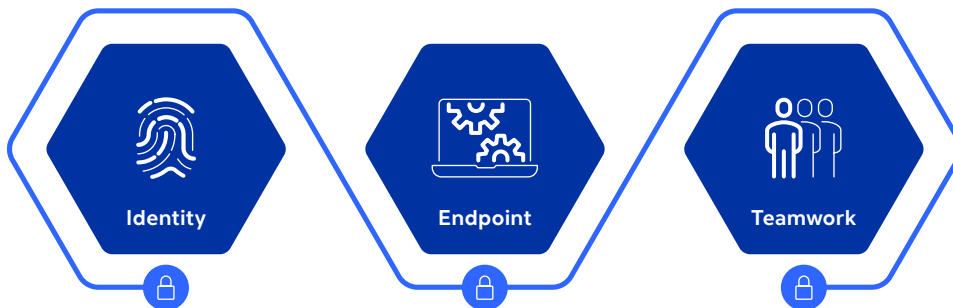

Intelligent Cloud

Intelligent Cloud mobilizes your organization with a next-generation cloud operating model that helps increase velocity and control. Migrate, modernize and deploy new applications and workloads with cloud native agility.

Intelligent Workplace

Intelligent Workplace includes services and solutions that will improve collaborative teamwork and communication, unlock greater productivity and mobility, all while remaining safe, secure, and compliant - anytime and anywhere.

Engage the Cognizant Microsoft Business Group to transform your business with focus, simplicity and scale.
