

# Get More with

# SYNCHRO™

**Bentley and the SYNCHRO construction team empower users to do more, straight out of the box. Check out these perks that we offer our SYNCHRO users.**

### Instant-on

Get started immediately. It's as easy as flipping a switch. Seriously.

### No Specialist Required

An implementation specialist isn't required for our out-of-the-box offerings, but our experts are standing by, just in case.

### 24/7, 365

SYNCHRO training is available on-demand, so you can learn at your convenience. In addition, you'll have easy access to our technical product experts whenever you need them.

### You're Part of a Community

Bentley Communities, that is. This comprehensive online platform allows you to interact with other users, have early insight into product updates, and see our upcoming events.

### Become an Industry Influencer

You speak, we listen. Share your ideas directly with our product development team and even vote on ideas submitted by other users.
