

# KPMG Digital Gateway

An expansive global platform to help tackle today's tax, legal, mobility and business issues through technology

**In today's complex tax and legal landscape, technology and innovation can be the difference between a tax department that is on the defensive, a department that is simply keeping pace and one that is proactively building a proud tax narrative inside and outside of the organization.**

## KPMG can help

Powered by Microsoft Azure and built on the cloud, KPMG Digital Gateway is a single platform solution that gives you access to the full suite of KPMG Tax & Legal technologies. KPMG Digital Gateway puts our investments in machine learning, data analytics, powerful visualizations and AI technologies in one place, all driven by the rich data you already have on hand. The platform combines the expertise of KPMG's global network of professionals, our alliances and our technology solutions to form one integrated platform that has been built to support tax and legal leaders, as well as asset managers, and the evolving needs of their departments. KPMG Digital Gateway brings you a wealth of tools to help you tackle regulatory change, turn data into value, streamline compliance and planning, while enabling effective collaboration across tax, legal and finance departments and beyond.

## Technology-driven solutions

The KPMG Digital Gateway is a cloud-based platform providing one-stop access to KPMG's suite of tax technologies and supporting services, industry news and current KPMG Tax & Legal thought leadership, while connecting with expertise from across the global KPMG network of member firms.

## Key features of KPMG Digital Gateway

### Collaboration and control

KPMG Digital Gateway is a personalized entry point for you and your team members to access the suite of KPMG technologies and services you use, track progress and results and connect with the teams behind the solution. Here, you can also learn about additional solutions and services used by departments like yours in other organizations.

### Turn data into value

With the ability to leverage all of your data across multiple solutions, you can gain powerful insights that help you tackle a range of business issues, all in one place.

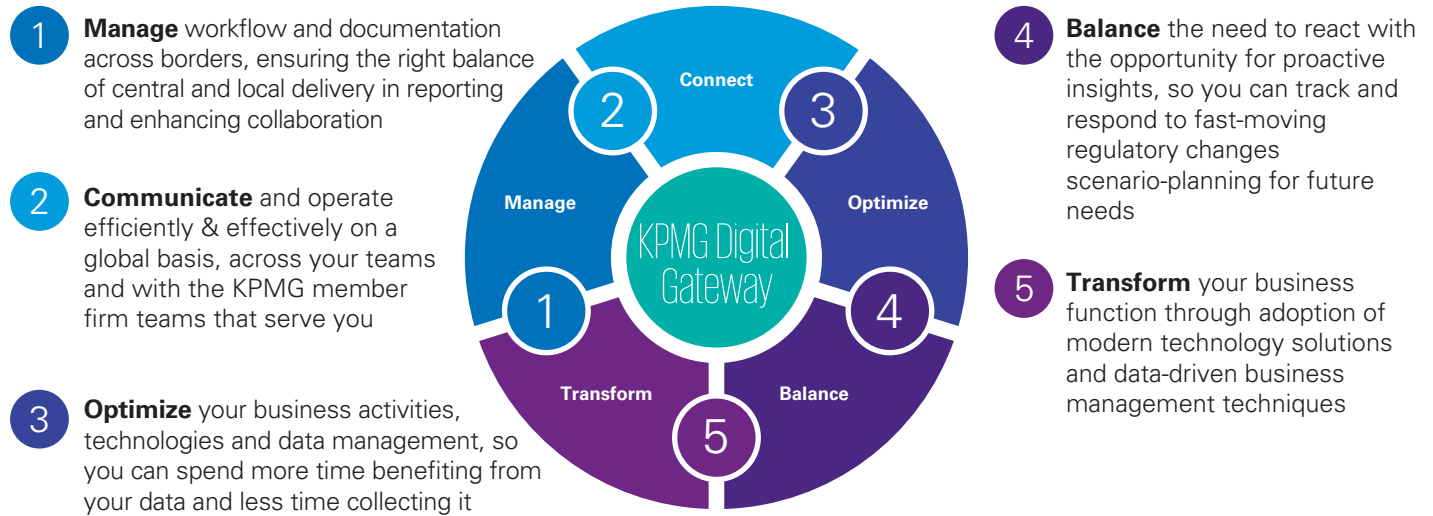

### Track news and updates

The platform features an integrated news feed and jurisdictional tracker to help you keep pace with developments that impact your business.

# Potential benefits

Leveraging the KPMG Digital Gateway helps you to transform your business function for the modern demands you face.

### The investment in KPMG Digital Gateway

KPMG International and its network of member firms is investing US\$5 billion over five years in technology, people and innovation to accelerate the digital transformation of KPMG firms and our clients, and more than US\$1 billion in tax & legal technology specifically in that period. Digital Gateway puts these investments at your fingertips.
