INSTANT
DESIGN TOOL

About Instant Design Tool

Enable your customers to create and order their own designs with the Instant Design Tool. A modern, fast web app in your own corporate identity that's compatible with any device and supports multiple languages.

Instant Design Tool for every website

Do you want your visitors to design and order their own products online? Expand your website with the Instant Design Tool!

The Instant Design Tool is our successful web-to-print solution, easy to integrate into any website. Decide which products you want to sell. Almost all products in our range are immediately available. If your product is not listed, then customization is also an option!

- ✓ No installation or programming knowledge required
- ✓ Your branding (colours, logo and more)
- ✓ Fully responsive
- ✓ All white label (blank) packed
- ✓ Multiple languages supported
- ✓ The Instant Design Tool features APIs for full integration
- ✓ Total package with an ordering process and account system included
- ✓ Choose: Production and fulfillment by PrintAPI or (partially) under your own management
- ✓ Choose: Link to your own shopping cart or use ours.

How it works

The Instant Design Tool comes with a free cart + backoffice, but you may want to connect it to your own backend instead. No problem, our tool is designed to integrate with just about anything.

To implement the Instant Design Tool in your website, simply place direct links to the Tool on your website. No installation or programming knowledge required.

Integrate with your own account system
If you already have an ordering process and account system, the Instant Design Tool comes with APIs to implement them fully. We also offer a package where the order process and account system are included.

The Instant Design Tool is one of the services PrintAPI has to offer. You can integrate it with our REST API or you acquire it as a separate service for your website.

Products

In the Instant Design Tool you can choose from a number of default products:

Walldecoration

ALU-MI-NUM

WOOD

DI BOND

FO REX

GARDEN POSTER

POSTERS

CAN VAS

PLEXI GLASS

More

Are you interested in other print products or do you want to add your own products to the Tool?

Custom

- ✓ Custom options

Payment

There are two payment methods (no extra costs)

1. Monthly invoice
   Receive a monthly collective invoice. Ideal if you already have a payment system or want full control over your price calculation.

   ✓ Use your own payment system
   ✓ Maximum flexibility

2. Monthly disbursement – with the use of the free shopping cart
   Use the free shopping cart and let your customer pay directly online. You can determine a selling price for each product yourself and your turnover will be paid out on a monthly basis.

   ✓ No need to build your own check-out system

Fulfillment

   ✓ Global shipping
   ✓ All white label (blank) packed
   ✓ Production and fulfilment by Print API
