- [Microsoft Endpoint Manager fundamentals](#)
- [Modernize your enterprise deployment with Windows devices and Microsoft 365 Apps](#)
- [Manage your enterprise deployment with Microsoft 365](#)

### Enterprise Administrator Expert

- [Design your Microsoft 365 tenant](#)
- [Configure your Microsoft 365 tenant](#)
- [Manage your Microsoft 365 tenant](#)
- [Explore the Microsoft 365 platform services](#)
- [Plan and implement identity synchronization](#)
- [Implement applications and external access in Azure AD](#)
- [Explore security metrics in Microsoft 365](#)
- [Manage your Microsoft 365 security services](#)
- [Implement threat intelligence in Microsoft 365](#)
- [Explore data governance in Microsoft 365](#)
- [Implement data governance in Microsoft 365 intelligence](#)
- [Manage data governance in Microsoft 365](#)
- [Manage content search and investigations in Microsoft 365](#)
- [Prepare for device management in Microsoft 365](#)
- [Plan your Windows devices deployment strategy](#)
- [Implement Mobile Device Management in Microsoft 365](#)

### Teams Administrator Associate

- [Get started with managing Microsoft Teams](#)
- [Prepare the environment for a Microsoft Teams deployment](#)
- [Manage chat, teams, channels, and apps in Microsoft Teams](#)
- [Manage meetings and calling in Microsoft Teams](#)

### Teams Support Engineer Specialty

- [Troubleshoot Microsoft Teams](#)

### Teams Voice Engineer Expert

- [Plan and configure Teams Phone](#)
- [Manage Teams Phone](#)

### Messaging Administrator Associate

- [Plan a Microsoft 365 Messaging hybrid configuration and migration](#)
- [Manage Microsoft 365 Messaging organizational settings and architecture](#)
- [Secure the Microsoft 365 Messaging environment](#)

### Security Administrator Associate

- [Implement and manage identity and access](#)
- [Implement and manage threat protection](#)
- [Implement and manage information protection](#)
- [Manage governance and compliance features in Microsoft 365](#)

### Developer Associate

- [Extend Microsoft 365 - Fundamentals](#)
- [Build apps with Microsoft Graph - Associate](#)
- [Implement Microsoft identity - Associate](#)
- [Develop apps for Microsoft Teams - Associate](#)

## Additional learning paths and modules to explore

### Security, compliance, and identity

- [Introduction to security in Microsoft 365](#)
- [Introduction to compliance tools in Microsoft 365](#)
- [Manage identity and access in Azure Active Directory](#)

### Collaboration

- [Introduction to Microsoft 365 core services and features](#)
- [Collaborate with SharePoint in Microsoft 365](#)
- [Use OneDrive in Microsoft 365](#)

### Deployment

- [Introduction to Microsoft 365 unified endpoint management](#)
- [Manage your Microsoft 365 subscription](#)
- [Select a cloud deployment model](#)

### Microsoft Viva

- [Get started with Microsoft Viva Topics](#)
- [Extend Microsoft Viva Connections](#)
- [Get started with Microsoft Viva Insights \(Workplace Analytics\)](#)
