

LEDOX365: MAKE LEGAL SIMPLE

NEXT LEVEL CONTRACT LIFECYCLE MANAGEMENT

**BASED ON
YOUR
MICROSOFT 365
LANDSCAPE!**

Relationships between companies, suppliers, customers, employees and other stakeholders are the sensitive notch of any business. It is crucial to manage these relationships in contracts but handling them is cumbersome and business potentials are rarely recognized. This is why LEDOX365 is born. Let us introduce you to a new way of collaborative working that brings digital contract and matter management to the next level!

At Join, we offer an end-to-end CLM solution that adequately address challenges faced by countless legal experts and their business counterparts worldwide. Benefit from a state-of-the-art contract and matter lifecycle management solution during all phases: from drafting and elaborating through negotiations with third parties and rewording to the acceptance and signing of contracts – in paper or digital form. The solution follows your processes the native way.

HANDLE YOUR CONTRACTS AND MATTERS IN A COMPLETELY NEW WAY!

- ✓ Provide your business users ready-to-use template contracts and a CDA generator, which creates contracts automatically with pre-defined clauses by your legal department.
 - ✓ Manage your matters and disputes centrally and create reports for senior management.
 - ✓ Work globally with different teams on legal projects.
 - ✓ Get approvals and full workflow support in all contract phases from initiation to termination of contracts.
 - ✓ Collaborate with colleagues and even with third-parties in real-time.
 - ✓ Save time and receive signatures within seconds with eSign.
 - ✓ Keep full control of your contracts thanks to reporting, archive and retention functionalities.
 - ✓ Never miss any deadline thanks to automatic notifications.
- And much more...

BASED ON Microsoft 365

LEDOX365 is based on Microsoft 365 – a familiar and widely used application package in the business world.

- ✓ Do not add additional application to your landscape - Leverage the possibilities of your existing Microsoft environment.
- ✓ The well-known user interface makes it easy for users to get started and reduces the need for tedious end user training.
- ✓ Benefit from the strong security and data protection concept of Microsoft 365.
- ✓ Easy scalability guaranteed.

The simplification provided by this end-to-end contract lifecycle management solution will benefit legal departments, business and IT managers in your company everywhere around the globe and brings your contract management to the next level!
