Tallyfy

We believe in workflow made easy ®
The only process management tool that works in 60 seconds.

- ✔ **To empower your people** - eliminate forgotten tasks, re-work and unknowns.
- ✔ **To automate processes** - a self-service tool needs to work in 60 seconds.
- ✔ **To scale your operations successfully** - you need repeatable processes.
- ✔ **To integrate with your other systems** - you need a cloud tool that's open.
- ✔ **To impress your clients** - securely share tasks and forms with outsiders.
- ✔ **To improve processes** - move from static flowcharts to real-time tracking.
