

Boost your employee training with VIVA Learning

Improve your learning efficiency by integrating all training resources into one single place, available in Teams. Allow your employees to access training directly from the flow of work.

In a context of continuous change, agility has never been so crucial for companies. Evolving skills and maintaining knowledge of processes has become a new key challenge.

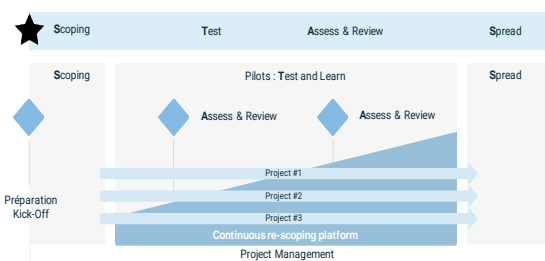

Microsoft Viva Learning empowers employees to make learning a natural part of the day by bringing learning into the flow of work within the tools and platforms they already use.

Discover, share, and track learning across a variety of sources from a center of learning, directly integrated into Microsoft Teams.

Our offer for VIVA Learning

Saegus offers a personalized approach to design, implement and support the deployment of VIVA Connections in your company, based first on concrete use cases that really serve the business.

Our STARS © framework, inspired by agile methods, and adapted to digital workplace issues, onboards ambassadors early and keeps them involved, while ensuring that the new service delivered is adopted sustainably

Scope of intervention :

- Configure VIVA Learning module
- Review & assess internal training sources
- Review & assess training needs
- Implement standard VIVA Learning connectors
- Train users & IT Teams

What is Microsoft VIVA Learning?

Viva Learning is a centralized learning hub that lets you seamlessly integrate learning and building skills into your day. Your team can discover, share, recommend, and learn from content libraries provided by both your organization and partners. They can do all of this without leaving Microsoft Teams.

This offer is Microsoft FastTrack Ready *
