Findings

The lack of information sharing in business is...

- "An employee loses between 4 and 6 hours a week searching for information"

Knowledge sharing changing world - (Microsoft, 2020)

- "\$31.5 Billion is lost by fortune 500 companies due to lack of information sharing"

(SHRM, 2018)

«I went through 17 sharepoints
and I still haven't found the
presentation... I have 20 left, then
I look at the intranet. »
