Data Maturity Assessment

Value Proposition

- Build a comprehensive view of your current organisational data maturity level
- Identify areas of excellence to replicate
- Discover quick win business cases where improvements can be implemented
- Build Data Maturity roadmap to enhance the data maturity across the organisation in a structured approach

Assessment Overview

We conduct an introductory session with the relevant stakeholders to provide an overview of the approach what is expected and what the outcomes will be.

Feedback and Report Presentation

The feedback document is presented back with the findings a suggestions including a roadmap for maturing the organisation

Our Process

Executive Interviews

Interviews with executive stakeholders are conducted to ensure the strategic objectives of the organisation will be aligned with the investigation and feedback.

Interpret Input – The feedback from the stakeholder interviews and the information gathered from the online questionnaire is consolidated into a comprehensive feedback document with actionable suggestions.

Online Questionnaire

All data stakeholders in the organisation is included in an anonymous online questionnaire with the ability to add comments and suggestions.

Gold

Microsoft Partner
