

# Auditing your Power BI environment made easy

## ABOUT LYTIX:

Lytix consists of a team of data enthusiasts crafting data solutions based on Microsoft technologies reaching from business intelligence to data strategy.

## WHAT WE OFFER

Our plug-and-play Power BI template solution, branded "Power BI Governorator", exists in a set of well-crafted, comprehensive reports, enabling detailed analysis of your Power BI environment. The Power BI Governorator delivers actionable insights which can be broken down into the following categories:

### *Power BI Environment*

Get an overview of all artifacts within your Power BI tenant and identify how they are related to each other.

### *Power BI Activities*

Knowing who is taking what action on which artifact in your Power BI tenant can be critical in helping your organization fulfill its requirements, like meeting regulatory compliance and quantifying user adoption.

### *User & license management*

View which licenses are assigned to certain users and what Power BI artifacts users have access to.

# Why Microsoft 365?

## Save your company money

Microsoft 365 is available as a simple monthly subscription. Avoid large up-front costs for new software while moving the cost of IT from capital to operating expense. And without on-premises servers to run email, websites, and document storage, you can reduce energy costs and save by no longer purchasing new server hardware.

## Scale your business quickly and flexibly

Microsoft 365 grows with you on the Microsoft Azure cloud. Adding a new user is as simple as buying an additional license, which allows access to business-critical technology on up to five PCs/Macs and five mobile devices. Microsoft 365 provides many plans to fit the right capability needs and price points for each user in your organization.

## Technical support

Your Microsoft 365 subscription comes with 24/7 support from a global network of experts, with one-hour response for critical, service-impacting events.

## Financially backed SLA

Get peace of mind knowing your services are available when you need them with a financially backed, 99.9% uptime service-level agreement.

## Simplified IT management

Reduce headaches by reducing your IT infrastructure. Content lives safely in globally distributed data centers with continuous backup and disaster recovery abilities.

Microsoft 365 is a cloud-based subscription service that brings together the best tools for the way people work today. By combining best-in-class apps like Excel and Outlook with powerful cloud services like OneDrive and Microsoft Teams, Microsoft 365 lets anyone create and share anywhere on any device.

## Key use cases

### Business-class email

Build anything from lightweight websites to multi-tier cloud services that scale up as your traffic grows.

### Cloud storage

Rely on geo-redundant cloud storage for backup, archiving, and disaster recovery.

### Meet online

Get actionable insights from your data by taking advantage of a fully compatible, enterprise-ready Hadoop service.

### Collaborate, chat privately

Accelerate your mobile app development by using a backend hosted on Microsoft Azure.
