

## Get ready to achieve more with Microsoft Teams and Atlas Digital Workspace

As the hub for teamwork, Microsoft Teams and Atlas are designed to help organizations improve collaboration and increase efficiency by automating key business processes. With the **Teams Apps and Solutions Workshop**, ClearPeople will work with you to identify ways to improve workplace productivity, leveraging the Microsoft Teams platform and the Atlas Intelligent Digital Workspace.

### See what's possible

Learn what the Teams platform can do for your organization. Our consultants will walk you through the art of the possible, working with you to identify and prioritize key business scenarios to help solve your specific collaboration challenges. During the workshop, we'll show how opportunities to customize and extend Atlas and Teams workspaces using the power of automation. Then, ClearPeople will design a plan that leverages Teams platform capabilities to help you move forward.

### Realize better business results with improved automation

Drive business results through scenarios for increased productivity

Accelerate outcomes with ready-to-use apps, plug and play accelerators, and solution options

Enable app governance through guidance on governing Teams apps using policies and controls

### Why ClearPeople?

With extensive solution development experience, **ClearPeople** can help you improve workforce productivity through automation of key business processes, leveraging the Teams platform. We will work with you to understand your environment and identify opportunities to help you achieve continuous business value from your Teams investment. With industry and technology experience, you can count on us as your trusted partner in your transformation journey.

### We'll work with you to:

- ✓ Identify and prioritize key use case scenarios
- ✓ Explore opportunities to streamline business processes and improve productivity outcomes
- ✓ Provide an implementation plan and next steps to help you achieve your desired goals
