

Dear Customer,
Dear Customer,

finally the time has come - the 13th Identity & Cloud Summit 2021 will take place from 2nd to 3rd September again in the Stadthalle Erding. This year, we are once again offering you the option of online participation via Microsoft Teams.

Through our series of information-packed sessions on the latest IAM technologies, best practices and industry trends, you will gain an insight in the ever-changing identity security landscape.

This year, we are especially pleased to have Martin Kuppinger of KuppingerCole as our guest speaker.

Also, hear first-hand news from the Microsoft-based IAM topics and benefit from OCG's experience - along with our long-time partners Microsoft and Nexis.

All you need to do to be there is a short registration on the registration page. You choose whether you want to attend on-site or online. The first 50 registrants will get a sneak preview of our evening event!

Learn, network, develop: These are good reasons for your participation - we are already looking forward to welcoming you at our Summit 2021!

Your Rüdiger Berndt
CEO
