

Polish Localization

for Microsoft Dynamics 365 Business Central

Installation and Registration Guide

Chapter 1: General Information

To start using Polish Localization, first you must install the application after contacting IT.integro or your partner, and then register the application.

This user guide describes how to:

- contact IT.integro to have the application installed by IT.integro or your partner,
- register the Polish Localization application by sending a license request to IT.integro,
- synchronize the license data.

Chapter 2: Installation

Polish Localization is installed as an extension to the base Dynamics 365 Business Central application.

To install the application, contact IT.integro by filling the **Contact me** form available on [the Polish Localization offer page on AppSource](#). To open your contact request form, choose the **Contact me** button on the offer page.

After you fill and submit the form, you will be contacted by IT.integro or your partner to proceed with the installation process. The installation process for Polish Localization will be managed by IT.integro or your partner.

Chapter 3: Registration

3.1 Step 1

After the installation process is finished, register the application, by choosing the **Register now** action on the notification bar in Dynamics 365 Business Central.

The screenshot shows the Dynamics 365 Business Central interface for CRONUS International Ltd. The top navigation bar includes Finance, Cash Management, Sales, and Purchasing. A notification bar at the top states: "Your application Polish Localization is unregistered. Register now | Close". A red arrow points to the "Register now" link. Below the notification, the dashboard displays a "Hi!" headline, a "Hello" message, and a list of actions: Sales Quote, Sales Order, Sales Invoice, Purchase Quote, Purchase Order, Purchase Invoice, New, Payments, Reports, and Excel Reports. The "Activities" section shows four metrics: Sales This Month (0), Overdue Sales Invoice Amount (0), Overdue Purch. Invoice Amount (0), and Sales Invoices Predicted Overdue (0). Each metric has a "See more" link.

3.2 Step 2

In the next step, on the **Create License Request** wizard page, fill all the fields required. To complete your license request, choose the **Next** button.

Create your license request for Polish Localization.

The screenshot shows the "Create your license request for Polish Localization" wizard page. The page title is "Create your license request for Polish Localization." and it includes a close button. The form is titled "Customer details" and contains the following fields:
