

# Microsoft Teams Meetings

## *Ins and outs of Microsoft Teams meetings*

Microsoft Teams has quickly established itself as the go-to tool for online meetings and cross company collaboration for a lot of businesses.

Did you already unlock the full potential of Microsoft Teams meetings?

At Delaware we want to guide you to get the most out of your Microsoft Teams journey in this hybrid work era. We inform you on the current and announced Microsoft Teams meeting flavours and features, clarify use cases and help you overcome implementation hurdles.

Looking for that little extra for your meeting room?

Through partnerships we can get you in touch with well-established meeting room hardware integrators who can assist with your desired hardware configuration.

### Proven Experience

Delaware was among the first companies in its region to achieve both **Advanced Specializations** in **Calling for Microsoft Teams** and **Meetings and Meeting Rooms** for Microsoft Teams, a recognition of our skills and proof of experience in these areas.

### Where to start?

Our “MS Teams meetings: Discovery” workshop aims to make you more familiar with the Microsoft Teams meetings, webinars and live events.
