Institute

Fee Structure

The fee structure of the institute can be updated & uploaded for the students/parents to access.

Different fee structures can be set & be made to reflect on portal. Class wise, semester wise, category wise, course wise, session wise, course session wise fee structure can also be defined.

Exemptions & Discounts

Institutes with a certain defined criteria on exemptions or discounts on fee or fee components, can make the exemptions or discounts count based on certain defined parameters by the institute itself. This will be updated in the system through an automated process

Fee Adjustment

Feature of unified payment portal enables the institute to adjust fee wherever is the need. In certain cases the fee has to be adjusted with some other fee item payments or as per the institute's process, even if the fee has to be refunded for some reason, all the details can be updated in the unified payment portal.

Notification

Timely notifications for fee structure update, due amount notification, notification of important dates, timeline notification for events and their additional fee, etc.

Reports

Unified payment portal enables the institute to see various reports like

- a Amount received per student
- b Amount received per class
- c Amount received per session'
- d Defaulter student
- e Fine list
- f Outstanding amount
