

# Azure IoT - Kickstarter

## Kickstarting your IoT journey with Azure IoT

Telstra Purple's Azure IoT Kickstarter is an end-to-end engagement that helps organisations who are at the beginning of their Azure IoT journey and need a rapid and cost-effective solution for a selected use case that is tailored to their needs. Technology leaders who are under pressure to deliver IoT solutions based on critical business needs have an ongoing challenge with the lack of internal capability considering the broad range of technologies involved in an IoT solution

This engagement gives organisations the opportunity to tap into Telstra Purple's enormous brains-trust and our proven delivery approach to achieve their IoT objectives for a customised end-to-end IoT solution that can be scaled across their business.

### Cost

Starting from \$90,000 (ex GST)
