

# Safer Internet Day 2019

The following table details the 21 risks included in Microsoft’s 2019 Digital Civility Index. Listed alongside each risk is a “Getting Started” recommended resource from Microsoft or another organization, designed to provide general advice and guidance to consumers facing these online risks. We also include links to additional related resources from Microsoft and other groups that may be useful. In cases of immediate or persistent threats, always contact local law enforcement authorities. All of Microsoft’s online safety resources can be found at [www.microsoft.com/saferonline](http://www.microsoft.com/saferonline) and [www.microsoft.com/digitalcivility](http://www.microsoft.com/digitalcivility).

ONLINE RISK	“GETTING STARTED” RESOURCE	RELATED RESOURCES & LINKS
