

Digicomp Integral Learning Solution

Digicomp is Microsoft Global Learning Award Winner 2018

With more than 24 month of experience on modern hybrid training solutions.

Didactic Study Elements

Together with you we design certification study track modalities based on our integral learning solution that work best for the learning audience.

Digital learning platform	Mentored self-study on MS Learn (digital online)	Social learning class community	Time options:
	Live instructor-led Q&A sessions (virtual)		<ul style="list-style-type: none"> ★ Live 2h to full day (6h) ILT ★ Daytime or evening sessions ★ Training scheduled according to the attendees' time zone
	Live instructor-led topic module (virtual or in-class)		Class size:
	Live instructor-led exam readiness (virtual or in-class)		<ul style="list-style-type: none"> ★ Can go from 10 up to 30 attendees ★ The bigger the class, the less instructor attention for the individual ★ We recommend 20 attendees per class

Programmatic Execution Process

We plan with you and execute with our partners. We implement a repeatable process to ensure worldwide program success and learners are certified.

Global instructor supply	Global program management Consulting / Administration / Reporting	Global learning support	Remarks:
	Learning term planning Topics / Dates / Modalities		<ul style="list-style-type: none"> ★ Global learning engineering ★ Global instructor resources ★ Learning platform & support ★ One-stop shop for your organization ★ We only invoice executed study tracks once you take the guaranteed-to-run decision based on number of registrations
	Enrollment period Information / Registration / Confirmation		
	Learning term execution Training / Readiness / Certification		

Digital Learning Platform

Digicomp runs a digital learning platform environment that enables a scalable hybrid learning approach. The system is designed to minimize manual administration tasks and provides the necessary flexibility in the execution of local and global training projects.

One stop shop	Dedicated customer web portal with learner LMS integration	SSO integration	
	Integrated content platforms (MS Learn, Open edX, Skillpipe)		
	Microsoft Teams collaboration platform (digital classroom & community)
