

# Condeco Desk Booking App.

## Don't make hard work of finding a workspace.

Our desk booking app enables you to find and book a workspace that meets your needs, locate colleagues and manage reservations all in a simple, floorplan-based application.

## Flexible work that flows

Give everyone the freedom to decide where they'd like to work. The app enables your workforce to find the right workspace for their needs in a few simple taps.

## Workspace that works harder

Free up unused desks and give everyone more choice by letting employees reserve the space they need, when they need it.

## Smooth collaboration

Make it easy for teams to work together. With our colleague finder, you can see where your colleagues are sitting, so you can reserve your workspace nearby.

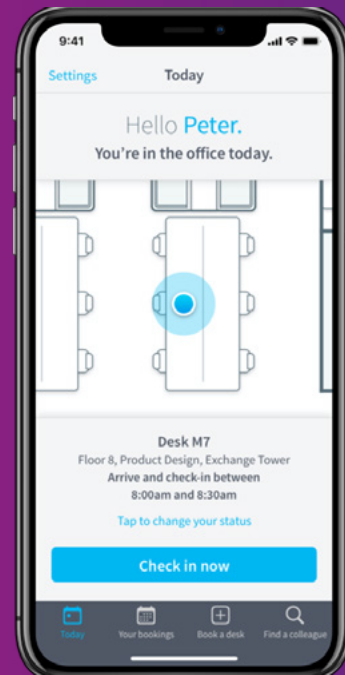

## Seamless experience

The app works seamlessly as part of the Condeco solution and will update the desk booking screens when you book or release a workspace, creating a consistent experience for your flexible workspace.

# Quickly find and book workspace on-the-go.

Liberate your workspace by giving everyone the ability to easily find a workspace that meets their needs. Working on iOS and Android, the app gives you instant availability of workspaces on a floor plan. So, whether you need a workspace now or in a few days' time, you can be sure your time in the office will be as productive as possible.

## Key Features.

### Search & Book

Easily search for a suitable workspace and book from a floorplan, for today, or days ahead.

### Manage your bookings

Get mobile access to all your bookings and easily make changes to your existing bookings. Add additional dates or release a reserved desk back into the booking system with zero hassle.

### Find a colleague

Easily find a colleague in the building and book a workspace nearby – so you can collaborate with others more smoothly.

### Check in and out

Check into today's booking on your phone, and release your desk when you're finished, freeing up the space for others to use.

### Find your desk

Don't get lost in the building – with the app you can locate your booked desk on a floorplan.

### Simple install

Download the app and set it up in a simple process through the Google Play or Apple App Store. You can subscribe to automatic updates, so you always get the latest version.
