

Workplace Analytics Health Check

Continuing Your Organizational Resiliency Journey

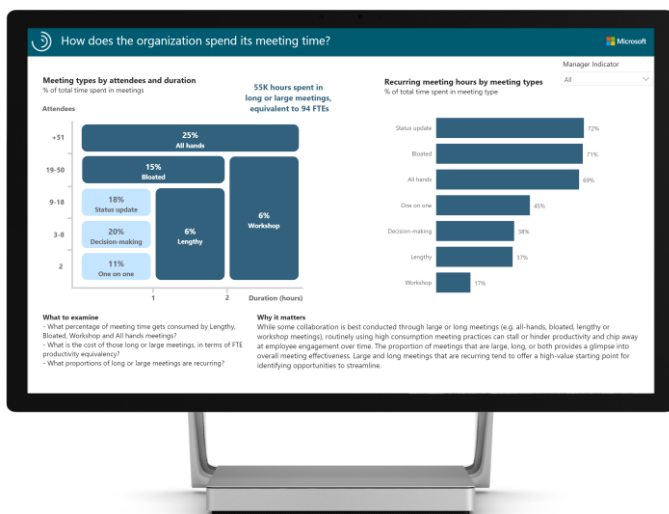

You already know that the way people work separates high performing organizations from the rest.

Now that you have defined your desired business outcomes and implemented Workplace Analytics, the Intellinet team will review, validate, and optimize your objectives, goals, and measurements.

Our 1-week Health Check services can be provided on a quarterly or bi-annually basis based on your needs and desired outcomes.

Get Started Today

1-Week Health Check

Approach & Deliverables:

- Compile updated analysis, review dashboards and reports
- Meet with stakeholders to discuss current business landscape and review progress towards stated business outcomes
- Enhance or adjust action plan based on analysis of results
- Provide updated change readiness plan

1 Week | \$15,000
