

SNC DYNAMIC QUOTES

IT's like you.

The solution **SNC Dynamic Quotes** introduces a new dynamic type of quote generation for your CRM. With this solution you can easily create quotes in a simple reactive table structure inside your CRM System.

This solution allows you to:

- + Create and update quotes in a straight and simple way
- + Create absolute and relative discounts per unit
- + Calculate taxes
- + Enrich the quote with descriptions and additional informations
- + Use product families to add new products to your quotes
- + Use Shortcuts for manipulation and navigation
- + Filter per columns in your quote

This is a preview version. The SNC Dynamic Quotes is highly customizable to your specific needs. The customization options contain but are not limited to:

- + Change the css style of the quote module
- + Shortcuts for manipulation and navigation
- + Adapt the columns, new columns may be for example
 - + optional products
 - + shipping date
 - + row ids
- + Translate in any language
- + Undo and Redo manipulations
- + Adapt the menu-bar
- + Customize with events, e.g. whenever a certain product is added, add dependent products
