eSign Facturae

Functionality

eSign Facturae for Microsoft Dynamics 365 Business Central is the solution that will allow you to digitally sign your XML documents, such as invoices and credit notes. You will also be able to import your XML purchase invoices, at no additional cost.

Using eSign Facturae, you will be able to work with the Spanish Public Administrations regarding invoicing. These digitally signed XML invoices comply with the normative standards of Facturae.

You will also be able to import your XML purchase invoices, at no additional cost.

These digitally signed XML invoices will be valid to be sent to the public administration's portals, such as FACE and/or eFACT. Besides, you will be able to digitally sign both sales and service invoices.

Additionally, with the FACE and e-FACT connectors (supplementary modules) you will be able to send the XML invoices , directly to the public administration's portal, completing the entire process in Business Central.

Our solution eSign Facturae* is totally integrated with Microsoft Dynamics 365 Business Central. Besides, you will also have an online archive of your signed documents at our website Innova Online.

*Supported Versions: BC On Premise CU15 onwards and BC Cloud.
