

How Do I Register PowerSalesToolBelt?

After importing the add-on, locate ModelDriven app called PowerSalesToolBelt in 'Settings → Apps' section or navigate as follows.

Once the app is opened, click on Configure.

This will take you to the Solution Page of the add-on. Now click on Configuration.

Solution: PowerSalesToolBelt

Information

You cannot directly edit the components within a managed solution. If the managed properties for solution components are set to allow customiza
